# 1. Making a new DriveView9 project

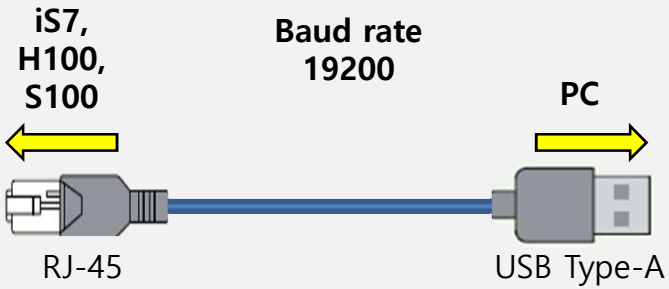

## Communication Connecting Method

1) iS7, S100, H100

- Use the LS USB to RS232 converter and wire the USB Type-A to the computer and RJ45 to the keypad port.

- Model: T232-LSLV
- Manufacturer: Sinforcon
- Supplier: LS ELECTRIC
- CODE: 64090353

2) G100, M100 (Advanced I/O)

- Use the LS USB to RS485 converter and wire the USB Type-A to the computer and RJ45 to the RJ45 port of the Drive. The RJ45 port can be seen when removing the front cover of the Drive.

- Model: T485-LSLV
- Manufacturer: Sinforcon
- Supplier: LS ELECTRIC
- CODE: 64090354
