Product update

The ATV11 & ATV31H enter the service phase of their life cycle

Effective Immediately

> August 2010

Schneider Electric announces the end of commercialisation of the following variable speed drives families: The ATV11 and the ATV31H

> End of commercialisation

Please use the replacement families for any future orders.

- > ATV11 replaced by ATV12
- > ATV31H (IP20) replaced by ATV312

> Note

The ATV31C IP54 drives are not affected by this announcement.

Schneider Electric
